

Brief Profile of
Prof. Sriram Venkatesh
Professor of Mechanical Engineering and
Controller of Examinations, O.U

Dr. Sriram Venkatesh is presently working as Professor in the Dept. of Mechanical Engineering, University College of Engineering, Osmania University. He has 24 years of Teaching and 2 years of industrial and research experience. His research areas of interest are Additive Manufacturing, Bulk Solids Handling, Design of Bins, Bunkers and Silos, Computer Aided Modelling, Design & Analysis, and CAD/CAM. He is presently working as Controller of Examination of Osmania University. Previously he worked as Coordinator TEQIP –III, Director, University Foreign Relations Office, Osmania University, Director, Internal Quality Assurance Cell (IQAC), Osmania University, Director, University Guest House, Osmania University, Chairman, Board of Studies in Mechanical Engineering, Head, Department of Mechanical Engineering, Director of Evaluation, Examination Cell, University College of Engineering, Osmania University, Additional Controller of Examinations, Osmania University, Chairman, Board of Studies in Mechanical Engineering, and Assistant Chief Warden for Engineering Hostels, Osmania University. He is Doctoral committee member of VIT University, Vellore and also member board of studies for various engineering colleges. To his credit he has won many awards, honours and recognitions like **State Level Best Teacher Award** by Government of Telangana on 5th September, 2019, Engineer of the Year Award jointly awarded by the Government of Telangana and the Institution of Engineers (India), Telangana State Center in September, 2016, Career Award for Young Teachers” by All India Council for Technical Education (AICTE), New Delhi, in 2002 and Distinguished Alumnus Award by KITS Warangal in December, 2016, as Director of the Centre for Prototyping and Testing of Industrial Products (CPTIP), received the award “Academic Research Award of Excellence” to CPTIP by Additive Manufacturing Society of India, Bangalore. He has published **100** Papers in various International and National Journals and Conferences. He has also done many research and consultancy projects in the area of 3D printing. He has visited many countries like **Australia, USA, Germany, Thailand, Singapore, Austria, France, UAE, Kenya and Israel**. He is a member of various professional bodies like Fellow of The Institution of Engineers (India), Life member of Indian Society for Technical Education (ISTE), Indian Society of Mechanical Engineers (ISME) and Tribology Society of India (TSI) affiliated to International TSI. He has delivered 75 guest lecturers and 10 Keynote addresses in various UGC & AICTE refresher courses, conferences, in house training programs of prestigious organizations like BHEL (R&D), DMRL, BITS Pilani, ESCI etc. Under his supervision, 4 scholars were awarded PhDs and 9 are in progress. Native place: Ravirala Village, Nellikuduru Mandal, Mahabubabad Dist. (old Warangal Dist).
